

Make Your Own Fire Breathing Dragon

Supplies:

- Toilet paper roll
- $\frac{3}{4}$ inch pom poms
- $\frac{1}{4}$ inch pom poms
- Googly eyes
- Construction paper
- Tissue paper
- Glue dots

Tools:

Scissors

Instructions:

1. Cut a piece of construction paper to fit around the toilet paper roll and glue it around the roll.
2. Glue the bigger pom poms at one end of the roll to hold the eyes. Glue the googly eyes to those pom poms.
3. Glue the smaller pom poms to the other end to serve as “nostrils”.
4. Cut the tissue paper into strips for the “flames”. Glue them to the inside of the nose end of the roll.
5. Blow into the “eye” end of the dragon and watch it “breathe fire”!
