

You Are Unique!

Use the shape below to create a unique version of yourself. Use your imagination to make a person that is completely unique! Have you always wanted to be a superhero? Do you want purple hair? This is your chance to make your own crazy or realistic version of you! Once you're done, carefully cut out your person and give it to your group leader!

Leader notes: once all the children have created and cut out their person, create a chain of all of them holding hands to show the diversity of the people your group has created. Post your photo to Instagram and tag Penworthy Bear at [@penworthy_bear](#)! You could win a prize for your library!
